4. G.O.Ms.No. 306 Municipal Administration & Urban Development (UBS) Department dated 04.08.2017.
5. From Director of Municipal Administration, Guntur, Roc.No. 13027/2/2017/A1, Dated: 29-03-2018.

O R D E R:

In the circumstances reported by the Director of Municipal Administration, Guntur in the reference 5th read above, after due deliberations and also considering the fact that a lot of time and effort has already gone into by the Directorate of Municipal Administration in terms of sharing domain knowledge with application developers and system requirement specifications are already frozen and as it becomes rather easy for the application to be developed in-house rather than being developed by outside department and as it is not a stand alone application but calls for integration with other modules which are developed as part of eMunicipal ERP suit and as the application proposed does not confine to mere eMBook component of whole works module, but offers a typical start to end solution covering all processes right from Detailed estimate generation to Bill payment duly integrating with all other relevant modules developed under ERP, Government here by terminate the tender process, permitted vide G.O.MS No.304 MA&UD(UBS) Department dated 04.08.2017 and approve Draft RFP for selection of solution provider to Configure, Customize, Integrate, Implement and Maintain the Works and Projects, Management and Monitoring application in urban local bodies of Andhra Pradesh State in COTS model.
